May 2020

Dear Parents and Carers,

Every week around 150 pupils from Cambourne Village College have music instrumental lessons at Cambourne Village College.

Some of these pupils started learning an instrument through their primary school, privately, at home, or through the Cambourne Music School, but many of these pupils decide to begin learning an instrument for the first time when they start at Cambourne Village College.

Whether continuing or beginning, learning to play a musical instrument is a wonderful opportunity, a great skill to develop, a great way to connect with other pupils in Year 7 and across the school (through our many musical clubs), and a great way of developing a whole range of other related skills.

We are keen for as many pupils as possible to have the opportunity to learn lessons, so we offer a wide range of instruments, currently including:

Wind: Flute, Clarinet, Saxophone

Brass: Trumpet, Cornet, Trombone

Strings: Violin, Viola

Guitar: Electric, Acoustic or Bass (but not Classical at present)

Voice: Musical Theatre, Pop, Classical

Other: Drum kit, Piano, Keyboard, Music Theory

If you would be interested in your son / daughter receiving music instrumental lessons, but you are concerned that you might not be able to afford lessons, then please get in touch. We are able to offer pupils who receive the Pupil Premium a significant discount, and in certain cases we can sometimes extend this to other pupils wanting to learn an instrument.

If you are interested in your child receiving music instrumental lesson in September, please read the attached information booklet carefully, and bring the completed form to the Parents' New Intake Information Evening on Monday 29th June, or drop off at the school (Music Department, Cambourne Village College, Sheepfold Lane, CB23 6FR).

If you have any questions about music instrumental lessons at Cambourne Village College, please email me (bmulholland@cambournevc.org) or speak to me on Monday 29th June.

Yours sincerely,

Ben Mulholland (Music Instrumental Lessons Coordinator)
