

Book recommendation

From the deepest oceans to fiery deserts, tropical jungles to icy mountains, this book lets you explore and get close to the places or biomes that make our world so special.

16:00-16:45

Online Talk

From the food industry and medical research to companionship and entertainment, most of us are connected to animals in profound ways, whether we realise it or not.

Search for 'Animals in the Anthropocene' on YouTube.

Photo of the week

The African bullfrog. It buries itself in hot weather and lies dormant, sometimes for over a year, until rain arrives!
