The Cam Academy Trust (CAT) has the responsibility of providing you with safe, reliable and useful IT resources (network, internet, email and c access where provided) that will help you make the most of your learning opportunities. You have a right to these resources. However, with this right, comes the following responsibilities:

By reading and signing this acceptable use policy;

- I will take responsibility for my own use of all IT, making sure that I use technology safely, responsibly and legally.
- I will take personal responsibility for my own e-safety, I will not give out any personal details or arrange to meet someone without the written permission of my parent or carer. I will report anything that makes me feel uncomfortable or unhappy.
- I will not take or distribute images or recordings of anyone with or without their permission when at school or involved in any school activities.
- I will use email responsibly and always be polite and respectful. I will only use email, blogs or other messaging methods that are approved by CAT. I will never use IT for bullying or harassing others or in a way that will bring the school into disrepute.
- I will not download or install any software or files on the school's IT equipment (unless it is a requirement of an agreed course of study) or open emails or attachments from people that I do not know.
- If I use a USB drive (memory stick) in school to store or transfer files I will make sure it has been virus checked first.
- I will not intentionally gain access to unsuitable or illegal sites nor try to use any programs that allow me to bypass any filtering/security systems. I will not access any video broadcasting or social media sites unless given permission to do so. I will report as soon as possible accidental access to such sites. I understand that my report will be confidential and would protect other students and myself.
- I will only access the school computer systems (network, Internet, email and CambourneLearn where provided) using my own login and password, which I will keep secret. I realise that if I access files that are not my own it could be seen as hacking.
- I will ensure that my work does not break The Copyright, Design and Patents law. I will always acknowledge the source of information (words, images etc) I use. I will not use the school IT systems to copy other people's work and pass it off as my own (plagiarism).

- I will use school IT equipment with care and tell my teacher of any damage which occurs as soon as possible.
- I will only use my personal mobile devices (mobile phones / iPads etc) in school if I have permission. I understand that, if I do, I will follow the rules set out in this agreement, in the same way as if I was using school equipment. *These rules are clarified in the CAT PMD policy.*
- I will use network resources responsibly
 - a. I will think and then preview before I print
 - b. I will regularly review my files and delete them when no longer needed
 - c. I will only store school-related files and images on the school network
 - d. I will only use the IT equipment for school related work unless I have permission from an appropriate member of staff

I understand that the school also has the right to take action against me if I am involved in incidents of inappropriate behaviour, that are covered in this agreement, when I am out of school and where they involve my membership of the school community (examples would be cyber-bullying, use of images or personal information).

I understand that the School may check my computer files, will monitor the Internet sites that I visit and my emails. If I do not follow these guidelines the AUP will be enforced and serious consequences will follow. This may include loss of access to the school network / internet, detentions, suspensions, contact with parents and in the event of illegal activities involvement of the police.
