What are the judges looking for?

- **Historical accuracy** – even down to the choice of names characters are given and any props additional to the historical setting
  - **A riveting read** with a good plot!
  - **A convincing story** - i.e. is it plausible that these events and/or this character could have existed at the time?
  - **Use of historical knowledge** to feed the plot, context and character
  - **Effective use of historical vocabulary and literary conventions**, including where dialogue is included in the story
  - **Creative and interesting perspectives of story-telling**. In the past we have received an entry telling the story of a siege from the perspective of the castle!
- We recommend a minimum story length of 400 words.

I'm really interested in eighteenth and nineteenth century history. When I'm not teaching or reading about history, I like to go running around Ely or play football on the weekends.

We can't wait for you to join us next year! History is our favourite subject and we hope you will love it too!

I studied Greek and Roman history at University. These days I'm really interested in American History...and football!
